About Healthcare in ECUADOR

IHS 2110C — Introduction to Global Health: Study of Selected Country
NUR 2650C Transcultural Nursing: Study of Healthcare in an International Setting

This study abroad course introduces students to global health issues with emphasis on a selected country. The course will examine various issues which influence health outcomes and compare health care delivery systems. Students will analyze personal professional development as they examine various health care disciplines.

**Priority Application and Scholarship Deadline:
February 12, 2016**

Application after this date will be considered if space and/or scholarships are still available.

Final Deadline: March 1, 2016

“ Each patient in the hospitals and geriatric facilities, every child I treated for lice or did an assessment on, the girls at the Dunamis Foundation, and Jugo and his mom all have a special place in my heart. All of them are fighting battles I knew only little about; however, each one had a smile on their face. Each of them had hope - despite their past or what they are currently going through. It was because of them and this experience that I found myself and what I want out of the future. ”
